Da una lunga storia fatta di amore per il bello e tenacia nel realizzarlo nasce un'idea di casa di alta gamma in cui la qualità è un valore oggettivo, tangibile: il risultato del difficile equilibrio tra industria e alto artigianato.

La conoscenza profonda dei materiali, la pelle in particolare, il completo controllo del ciclo produttivo e la vocazione al perseguimento dell'eccellenza sono i punti fermi su cui l'azienda ha costruito il proprio percorso: 60 anni di autentico "made in Italy".

The idea of a high range house, in which quality is a real and tangible value, arises from a long history of love for beauty and shows the result of the difficult balance between industry and high handicraft.

The deep knowledge of materials, especially leather, the complete control of the production process and the vocation to achieve excellence are the strongholds on which the Company founded his path: 60 years of genuine "made in Italy".

L'idée d'une maison haut de gamme, dans laquelle la qualité est une valeur réelle et tangible, naît grâce à une longue histoire d'amour pour la beauté et est le résultat de l'harmonie difficile entre l'industrie et l'artisanat.
