

DESIGN Alessandro Dubini

Anno di produzione: 2019

Leggerezza e solidità, carattere ed eleganza si incontrano nel tavolo York di Alessandro Dubini. Arredo dalla presenza scultorea, capace di caratterizzare da solo un intero ambiente, York si distingue per la base dal richiamo surrealista: una struttura in massello di noce canaletto scolpita come a formare delle braccia che sostengono il generoso piano, rotondo o rettangolare, realizzato in vetro. Un contrasto di materiali e sensazioni perfettamente riuscito che regala a York la sua principale peculiarità: quella di riuscire a mantenere un aspetto raffinato ed etereo nonostante la robustezza fisica e il carattere innegabilmente forte e distintivo.

Caratteristiche tecniche:

Il tavolo è disponibile con basamento in massello di noce canaletto con finitura a cera; il piano è disponibile in cristallo extra chiaro. Altre finiture disponibili solo su richiesta.

Year of Production: 2019

Lightness and solidity, personality and elegance meet in York table of Alessandro Dubini. Furnishing with a sculptural presence, capable of characterizing an entire room on its own, York stands out for its base with a surrealist appeal: a frame in solid black walnut wood carved as to form arms that support the big round or rectangular glass top. A contrast of materials and sensations perfectly successful that gives York its main peculiarity: the one of being able to maintain a refined and ethereal appearance despite the physical strength and the undeniably strong and distinctive character.

Specifications:

The table is available with base in solid black walnut wood with wax finish effect; the top is available in extra-clear glass. Other finishes available only on request.
